10 Years Body Integrity Privilege is the program that guarantees you a 10-year guarantee against infiltration.

CONSTRUCTION TECHNIQUES

HIGH-LEVEL TECHNICAL AND CONSTRUCTION SOLUTIONS.

THERMAL INSULATION.

SOUNDPROOFING.

GRADE 3 INSULATION

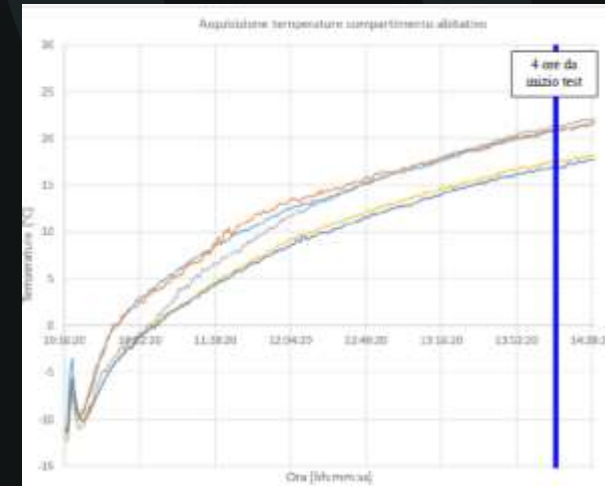

NCC EN1646-1

Thermal Insulation & Heating – Grade III classification

**SPECIFIC TEST PERFORMED
IN THE CLIMATE CHAMBER.
GRADE 3 INSULATION
ACHIEVED.**

VAN WITH PANORAMIC ROOF.

the Van meets the heating requirements of Grade 3 classification. Four hours after the start of the test, the reference thermocouple and 2 control thermocouples record a value $> 20^{\circ}$. During the test, the temperature difference between the reference point and each comparison point is always less than 7°C .

**INSULATION AND
PROTECTION
IN ALL SEASONS.**

Walls and roof.

Wall and roof lining
in soft-touch fabrics.

Microfiber roof lining.

**Insulation and
protection for all
seasons.**

**NO MORE
CONDENSATION!**

Condensation- proof insulation.

A further layer of
water-repellent
material covers the
inside of the walls in
contact with the
aluminium film.

WINTER PACK

**INSULATED AND ELECTRICALLY
HEATED GREY WATER TANK,
INSULATED EXTERNAL PIPE**

Optional equipment

Noise Reduction

Floor covered in thicker PVC.

Roof covered in microfiber with foam inserts.

Padded panels at the rear windows.

**FLOOR
WITH INCREASED
THICKNESS.**

Noise-proof

The flooring of the van consists of:

A 26 mm polystyrene sheet
A 10 mm thick multilayer
A 3 mm PVC coating
(twice the thickness usually used)

ROOF LINING.

Sound-deadening roof

The roof of the van consists of:

- A 10 mm thick multilayer;
- A microfiber exterior finish;
- An inner lining with 3 mm thick foam backing

WINDOW PANELS.

Sound-deadening panels

Special padded panels give a fine quality finish to the windows and protect against outside noise and interference.

SKY-ROOF

Laminated
crystal glass ⊕

⊕ Internal
thermoformed in
embossed ABS

Section

FROM INSIDE.

Trait d'union of design and functionality.

Harmonious shapes that
blend well with the
interior design.

With storage pockets.

Blind and flyscreen.

Thermal cover.

FROM INSIDE.

All in one with the dinette.

Cleverly integrated into the setting.

An elegant padded panel encloses the 70x50 cm porthole all in one with the panoramic roof.

Glossy laminate doors match cab and compartment.

NEW POP-UP ROOF

1

**MORE ROOM TO SLEEP,
MORE ROOM TO STOW**

2 extra beds.
Possibility to use the back of the van only
as stowage.

2

AVAILABLE ALSO WITH SOLAR PANELS

External roof surface available for the
installation of solar panels.

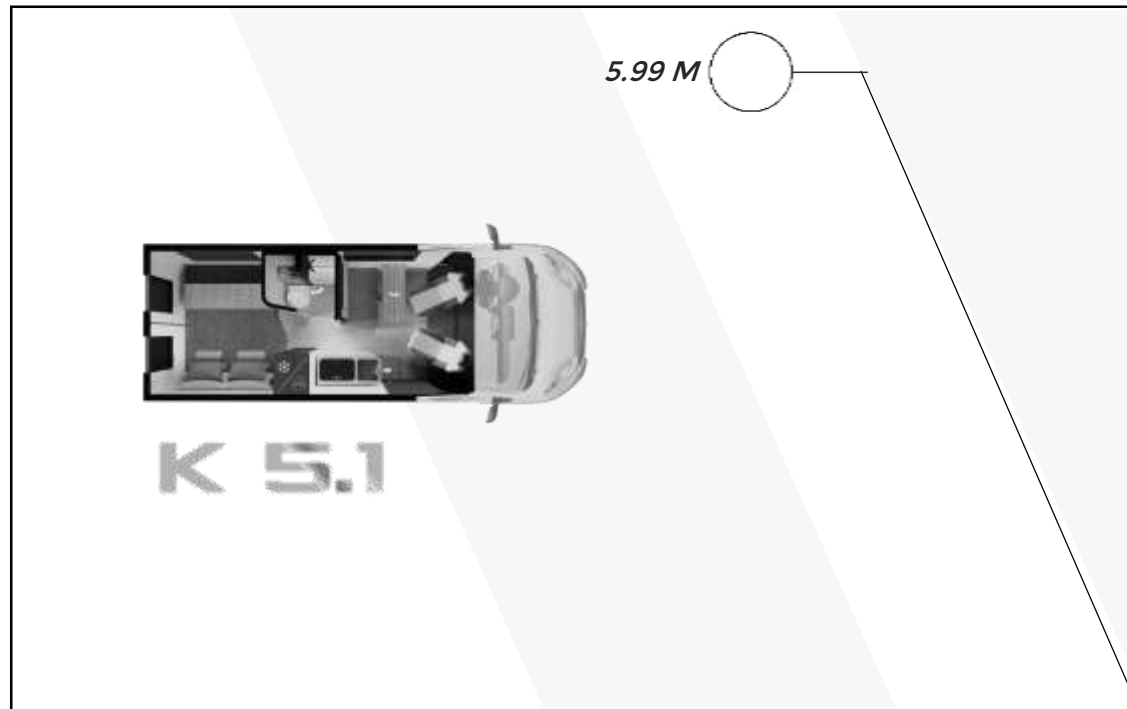

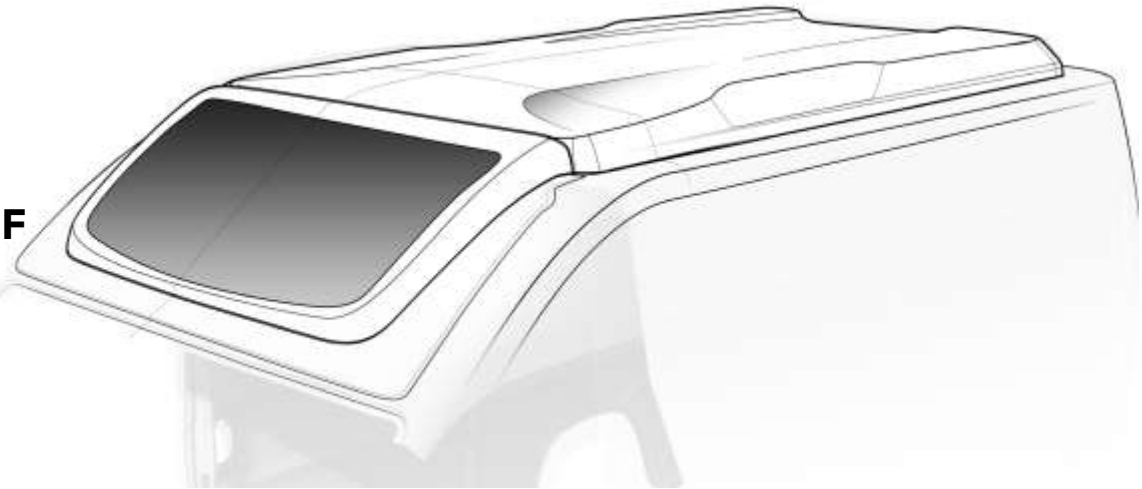

3

COOLER IN SUMMER

Air recirculation thanks to openable windows.

**Available for
K 5.1 model
only**

**THE POP-UP ROOF
CAN BE COMBINED
WITH THE SKY-ROOF**

**BED DIMENSIONS AMONG
THE LARGEST IN THE
CATEGORY.**

INSULATED AND PROTECTED.
The mattress rests on a fiberglass tank, separated from the original sheet metal of the van.

**Bed width
1.3 m**

**With reading lights
on both sides.**

INSULATED.

Possibility to choose as optional an insulation kit consisting of an insulating and thermal cover.

**Bed length
2 m**

MORE ROOM TO SLEEP, MORE ROOM TO STOW

2 EXTRA BEDS.

Possibility to use the back of the van only as stowage.

Dimensions

Height of the van with the roof: +18 cm.

Weight: about 120 kg.

Interior height of the vehicle when the roof is raised, approx. 175-227 cm.

Sandwich construction of inner and outer shell with integrated reinforcements, lightweight and stable.

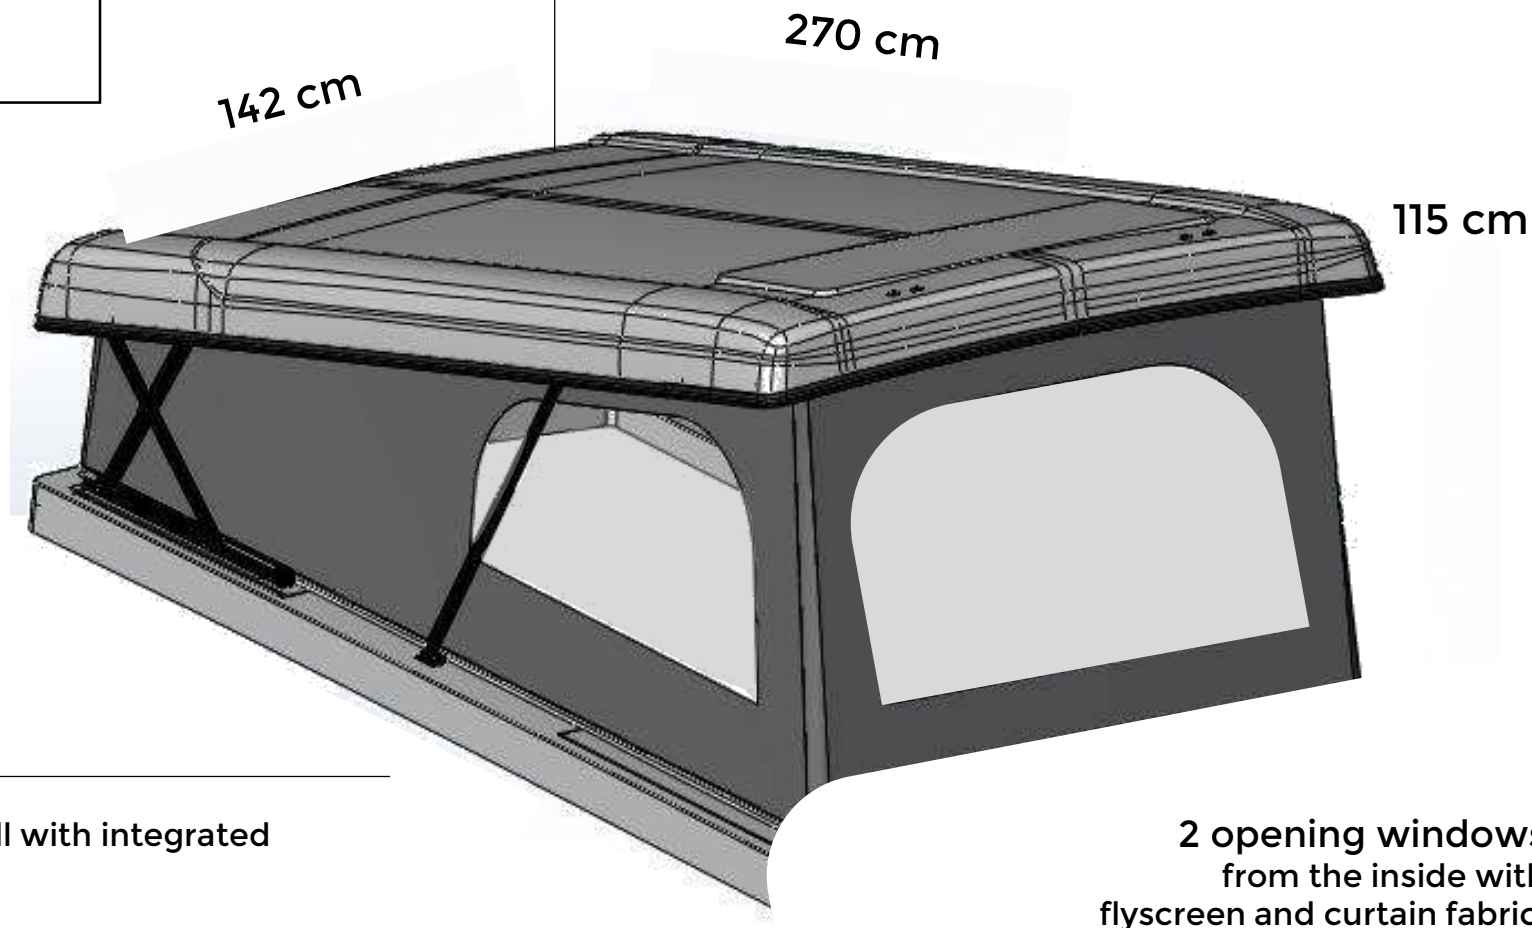

Fibreglass mounting chassis.

Roof lifting with gas pistons.

Fastening by means of a belt fastener.

Curtain, 100% fabric (grey), breathable, washable.

OUTSIDE COLOUR: BLACK OR WHITE. (still to be confirmed)

2 opening windows
from the inside with
flyscreen and curtain fabric.

1 closed window
in plastic, closed, on the left
of the heating exhausts.

Undisputably MOBILVETTA

-  **Quality and technology in materials. HPL laminates.**
-  **Ergonomic shapes designed for a timeless elegance**
-  **Increased thickness of internal furniture.**
-  **Reinforced CABINETstructure.**

HIGH PRESSURE LAMINATES (HPL).

High pressure laminate.

The base of the CABINETS and the outer side of the kitchen are made of HPL high-pressure laminate, a high-quality anti-bacterial, easy-to-clean innovative material that resists the passage of water, heat and scratches.

The structure

It is a decorative laminate consisting of several layers of Kraft paper impregnated with thermosetting resins and compacted with decorative paper and protective coating through the combined action of heat (140/150°C) and high pressure for about 40/50 minutes.

Advantages

Versatile and durable.

Hygienic: with anti-bacterial coating.

Not subject to wear, tears, scratches and impacts Resistant to fire, chemicals and heat.

Easy to clean: does not accumulate dirt.

Easy to maintain.

ERGONOMICS.

Settings where

ergonomics, practicality, aesthetics and functionality live together.

**Rounded corner profiles,
curved lines, sinuous
geometries**

FURNITURE THICKNESS.

**From 14 mm to 20 mm.
High thicknesses.**

Multilayer wood.
Horizontal shelves and drawers 14 mm.
Vertical tops 20 mm.

Advantages:

Stability,
Sturdiness,
Resistance to impacts,
Durable.

REINFORCED WALL UNITS.

Reinforced bottom.

The lower structure of the cabinets has a reinforced bottom.

Advantages:

Stability,
Sturdiness,
Durable.

JUST BORN, ALREADY HAS A HISTORY.

Designed and made by van specialists.

The Mobilvetta Admiral van derives from the very long experience gained over time along with taste and trends of the last 20 years

Experience, expertise, tradition.

A factory dedicated to the production of Premium vans

The second van production pole was established in Paglieta (Abruzzo).

A line dedicated to the production of Premium vans.

3.200 m²

50 dedicated people.

11 stages in the production line.

6 vehicles produced per day.

Watchful eye on quality through control cycles in production. 100% of vehicles undergo 4 levels of inspection from entry into production chain to van shipment.

Chassis check at reception.

Testing of equipment in production.

End-of-line quality control.

"Rain test".

Final quality control.

MOBILVETTA
